

平成22年度日本大学大学院理工学研究科特別講義
Nihon University, "N." Research Project
Presents

Mini Symposium on Supramolecules

Dr. Jean Weiss (Inst. Chim. Strasbourg, France)

Phenanthroline strapped porphyrins: from enzyme models to self-assembled porphyrin wires

Dr. Akiharu Satake (Tokyo U. Sci.)

Supramolecular porphyrin systems — How to construct? How to confirm?

Dr. Kosuke Sugawa (Nihon U.)

Photoelectrochemical properties of dye molecules modified on nanostructured gold electrodes

Nov. 11 Thu, 2010, 15:10–17:10

College of Science and Technology, Nihon University, Surugadai Bldg 2, Room 245

Anyone interested, come and join us. This is informal.
